

Dedicated to a Beautiful World

For more than 140 years, The Scotts Miracle-Gro Company and its trusted family of brands have helped people achieve their lawn and garden goals. And each day, we see our work reflected in the world around us through healthy lawns and beautiful gardens. We are committed to helping our consumers benefit from gardening and a garden-inspired lifestyle.

Yes, you can.

Recycling one aluminum can saves enough energy to run a TV for three hours. Recycle your cans.

...I can do that!

Join the movement that's saving energy, saving money and saving our Island, one person at a time.

Going GREEN SAVES more than money

We all like saving money, and reducing your energy use can save you hundreds of dollars every year. LIPA wants to help. Through Efficiency Long Island, you can take advantage of rebates and incentives that are making it more affordable to purchase energy-efficient, ENERGY STAR®-qualified products like refrigerators, lighting, compact fluorescent bulbs and central air conditioning systems. Our solar and wind programs are also helping Long Islanders use clean, renewable energy sources to better manage electric use and costs.

Going GREEN to protect our GREEN

Becoming more energy-efficient to reduce energy costs is about more than just money. Efficiency Long Island is also about our commitment to partner with you to help reduce our collective carbon footprint so that our children can enjoy a cleaner, greener Long Island.

For more information, visit www.lipower.org.

Efficiency Long Island is LIPA's commitment to helping Long Islanders become more energy-efficient while reducing greenhouse gas emissions on Long Island.

Information Suffolk County

Searching for intellectual firepower? Look no further than Suffolk County. Opportunities for research partnering and technology transfer abound in Suffolk. Our county is home to Stony Brook, one of America's leading public research universities, as well as world renowned Brookhaven National Laboratory. Our state university campuses host high technology incubators, and along with eight private colleges and one of the nation's largest junior college systems, they provide Suffolk with a highly educated workforce.

BETTER FOR BUSINESS...BETTER FOR LIFE

To learn more about Suffolk County's intellectual resources you can call one of our business development specialists at (631) 853-4800 or visit us at www.suffolkbetterforbusiness.com

Steve Levy, County Executive

Maiarelli Studio creates distinctive visual communications that deliver outstanding results for clients in industry, media, the arts and the nonprofit sector.
